*“Train a child in the way he should go,
and when he is old he will not turn from it.”*
(Proverbs 22:6)

Ages - Children ages two to age 6 are eligible for enrollment. Preschool children must be 3 and bathroom trained by August 1. Children in the two's class do not have to be bathroom trained.

Calendar - Sessions begin the week after Labor Day. The Faith Montessori 2's program and Preschool calendar will mirror Noblesville School Corporation.

2's class – we will be offering a 2's class that will also follow the Montessori methods. This will better prepare your child for preschool as well as provide a safe and loving learning environment for your child.

Session Options – 2's class

- 2's class will be offered on Tuesday and Thursday from 9-11:30 a.m. (if I have enough interest I will also offer a class on Monday and Wednesday from 9-11:30 a.m.)

Session Options - Preschool

- Parents can choose a flexible offering of as little as two daily sessions to as many as four sessions per week.
- Sessions are offered every Monday-Thursday from 9-11:30 a.m.
- On a daily basis, Children 3, 4, and 5 years old will be divided into groups of 9. The students will rotate through the subject areas in the next column.

Tuition - 2-day/\$125, 3-day/\$155, and 4-day will be \$185 per month. We will also offer an extended day program until 1pm for an extra charge.

**Faith Montessori Preschool
is committed to help children grow
spiritually with a Montessori approach to
education.**

Subject Areas - Preschool

Christian Beliefs/Lessons - Time is set aside for a lesson from the Bible and Godly Play materials.

Language - Children will study beginning reading, writing, and phonics sounds. They should know the alphabet, phonic sounds, and several site words upon completion of this program.

Math/Sensorial - Children will learn math through sensorial work. They will learn combinations of numbers and number recognition through 100 as well as basic addition and subtraction.

Science - Study of the earth, animals, plants, and several other areas of Science that God has created.

Practical Life will consist of activities such as cutting, painting, pouring, packing a suitcase, tying, zipping, buttoning, and preparing a snack.

Snack is a time for the children to enjoy a healthy snack and learn the importance of good manners.

Circle Time is held at the beginning of class. This is a time that many themes and lessons will be taught. We will discuss items such as the calendar, Christian themes, and individual news items.

The children will also have **Free Time** daily to play with educational toys, play in gym, or go outside.
